Entry Form & Application Guidelines

- Do not use applicant's name, the name of his/her county, or any names that may bring about the recognition or identification of the applicant's state beyond the entry form. The written versions of the application have a search feature to locate any identifiers.
- The entry form and application must be completed in first person narrative (i.e. I, me, we, etc.) for questions 1-9 and 13. "A1"/"A2" may not be used for questions 1-9. Applicants must use "A1"/"A2" to denote each applicant for all of question 10-12.
- The Financial Success section must be typed and notarized; handwritten financial forms will be disqualified. If the notarization includes a county identifier such as a county name or seal, the identifier needs to be blacked out.

- Do not use abbreviations or acronyms, unless it has been spelled out once with the abbreviation in parentheses behind it. For example, United States Department of Education (USDE). AFBF, FB, and YF&R are acceptable to use throughout the application.
- The attached entry form and application is an example of the information needed for the official online application. No emailed or mailed entry forms or applications will be accepted.
- It will be up to the judges' discretion to deduct points if applicants include activities before they were 18.
- Each applicant should submit five (5) pictures (electronic file only) of his/her/their farm, family and/or involvement. For seasonal farming operations, it is best to submit images of the farm during peak season. The images submitted will be used for promotion of finalists, but will not be used during the judging process.

Note: Disregard of the guidelines will result in disqualification of the application.

Judging

- The entry form and application of each entry will be coded upon receipt by SCFB. The applicant's name, town or county will not be revealed to the judges until judging of the written applications is completed and finalists are selected.
- Judging is based on the application and an on-farm interview that will be scheduled in December 2021.
- A panel of four qualified judges will select the national winners. The Top 10 competitors will be interviewed by the same four judges who reviewed the written applications.
- A panel of three qualified judges will select the finalists and state winner. The top three competitors will be visited by the same three judges who reviewed the written applications.
- On-farm visits will last no longer than 3 hours and are intended to clear up any "gray areas" which may arise from the written application. The three finalists should understand that their on-farm visit by the judges is for verification/clarification purposes and therefore may affect final rankings.
